

ACTION MEMORANDUM

OFFICE OF THE DIRECTOR

Action Memorandum No. A-71

Date 8 November 1962

TO : Deputy Director (Research)

SUBJECT :

REFERENCE:

1. At the Executive Committee meeting yesterday discussion indicated that it was time for the United States to develop a long-range surveillance program for Cuba. The program presently underway is designed to continue our "posture of surveillance" as well as to give us actual reconnaissance information. What we need now is an indication of what our requirements would be over the long pull, assuming that our immediate short-range, intensive program will satisfy us in the near future.

2. Please get COMOR started on this for submission to USIB.
